

Ryerson University
Department of Electrical & Computer Engineering
ELE709 - Real-Time Computer Control Systems

Project (Week 3)

Name:

Submit hard copies of the following graphs:

1. Graphs for Task 3.1 (i.e. Soft real-time anti-windup PID controller with and without load)
2. Graphs for Task 3.2 (i.e. Hard real-time anti-windup PID controller with and without load)
